**United Community Banks, Inc. Reports First Quarter Earnings  
Growth, Margin Expansion, and Disciplined Expense Control Drive Results**

GREENVILLE, SC – April 22, 2025 – United Community Banks, Inc. (NYSE: UCB) (United) today announced net income for the first quarter of 2025 of \$71.4 million and pre-tax, pre-provision income of \$106.6 million. Diluted earnings per share of \$0.58 for the quarter represented an increase of \$0.07 from the first quarter a year ago and a decrease of \$0.03 from the fourth quarter of 2024.

On an operating basis, United’s diluted earnings per share of \$0.59 were up 13% from the year-ago quarter. The primary drivers of the increased earnings per share year-over-year were higher net interest income and lower noninterest expenses, partly offset by lower noninterest income and a higher provision for credit losses.

United’s return on assets was 1.02%, or 1.04% on an operating basis. Return on common equity was 7.9%, and return on tangible common equity on an operating basis was 11.2%. On a pre-tax, pre-provision basis, operating return on assets was 1.55% for the quarter. At quarter-end, tangible common equity to tangible assets was 9.18%, up 21 basis points from the fourth quarter of 2024.

Chairman and CEO Lynn Harton stated, “The first quarter was a strong start to the year. Our teams delivered solid loan and deposit growth in what has typically been a seasonally weak quarter. Loans grew by \$249 million, or 5.6% annualized, and customer deposits increased \$309 million, or 5.4% annualized. Our net interest margin expanded by 10 basis points, helping us to grow net interest income by \$1.7 million from the fourth quarter, despite two fewer accruing days. Credit quality remained stable, with first quarter net charge-offs holding steady at 0.21% of average loans. Our provision for credit losses increased by \$4.0 million from the fourth quarter, covering first quarter net charge-offs as well as loan growth, slightly increasing our allowance for credit losses to 1.21% of loans, up from 1.20% on December 31, 2024. Expenses improved on an absolute basis from both the fourth and first quarters of 2024, reflecting our ongoing efforts to control costs.”

Harton continued, “We are particularly excited that our bankers were recognized once again by J.D. Power as #1 in Customer Satisfaction in the Southeast, along with #1 in Trust and #1 in People. This year marks our 75<sup>th</sup> anniversary, and we’re off to a strong start. I’m proud to make this milestone meaningful for our customers, employees, and shareholders. We’re also excited to continue growing our presence in Florida with the recent announcement of our planned acquisition of American National Bank, headquartered in Oakland Park. This

expansion will strengthen our footprint in the fast-growing South Florida market. Our teams have been collaborating closely for several months, and we expect to close the transaction on May 1.”

United’s net interest margin increased 10 basis points to 3.36% from the fourth quarter. The average yield on interest-earning assets was down four basis points to 5.29%, while the cost of interest-bearing liabilities decreased 19 basis points, leading to a 15-basis-point increase in the net interest spread. The 10-basis-point increase in net interest margin reflects progress in lowering the cost of funds through reduction in deposit rates and redemption of debt instruments, and to a lesser extent, the seasonal outflow of higher-priced public funds deposits.

Net charge-offs were \$9.6 million, or 0.21% of average loans, during the quarter, equal to the fourth quarter of 2024. Nonperforming assets were 33 basis points relative to total assets, improved from 42 basis points for the fourth quarter.

The FTE adjustment totaled \$991,000 and \$1.06 million, respectively, for the three months ended March 31, 2025 and 2024. The tax rate used to calculate the adjustment was 26%, reflecting the statutory federal income tax rate and the federal tax adjusted state income tax rate.

<sup>(2)</sup> Included in the average balance of loans outstanding are loans on which the accrual of interest has been discontinued and loans that are held for sale.

<sup>(3)</sup> Unrealized gains and losses on AFS securities, including those related to the transfer from AFS to HTM, have been reclassified to other assets. Pretax unrealized losses of \$269 million in 2025 and \$322 million in 2024 are included in other assets for purposes of this presentation.

<sup>(4)</sup> Net interest margin is taxable equivalent net interest revenue divided by average interest-earning assets.
