United Community Banks, Inc. Reports Third Quarter Results Strong Core Profitability Driven by Loan Growth and Continued Margin Expansion

GREENVILLE, SC – October 18, 2022 - United Community Banks, Inc. (NASDAQ: UCBI) (United) announced today that net income for the third quarter was \$81.2 million with pre-tax, pre-provision income of \$118.9 million. Diluted earnings per share was \$0.74 for the quarter, which represented an increase of \$0.13 or 21% from the second quarter of 2022, and a decrease of \$0.08 or 10% from the third quarter a year ago. The year-over-year decrease is largely attributable to an \$11.0 million provision release in the third quarter of 2021 compared to a \$15.4 million provision expense in this quarter. Other highlights of the quarter include 9.4% annualized loan growth, 38 basis points of net interest margin expansion, a reserve build to 1.12% of loans and an improvement in the efficiency ratio to 48.4%, or 47.7% on an operating basis, which excludes the effect of merger-related and other charges.

United's third-quarter return on assets (ROA) was 1.32%, and return on common equity was 11.02%. On an operating basis, United's ROA was 1.34%, and its return on tangible common equity was 15.60%. Also, on an operating basis, United's pre-tax, pre-provision ROA was 1.97% for the quarter.

Total loans increased by \$341 million during the quarter, resulting in loan growth of 9.4% on an annualized basis. Deposits decreased by \$552 million or 11% annualized. A large portion of this decrease was driven by a seasonal decrease in public deposits, which were down by \$278 million. United's cost of deposits increased 11 basis points from the second quarter to 0.19% while the average yield on interest-earning assets was up 49 basis points to 3.83%.

Chairman and CEO Lynn Harton stated, "This was a great quarter on multiple fronts for United as our businesses and our markets continue to provide solid growth opportunities. Loan growth and an expanding net interest margin propelled our pre-tax, pre-provision ROA and our efficiency ratio to record levels for the company. Deposits fell as anticipated due to higher-yielding market alternatives provided by increasing interest rates, however our core deposit base continues to provide strong liquidity for the company."

Harton continued, "From a strategic perspective, we continued to strengthen our Board of Directors with the appointment of George Bell, an experienced information technology executive who has more than 35 years in large financial institutions, with a specific emphasis on Customer Information Management. He brings an

incredible depth of knowledge in leveraging technology to improve products and services, enhancing customer experience, and increasing organizational productivity. We are excited to have George join United as we continue to grow and expand our capabilities."

Harton concluded, "Finally, our thoughts are with the people, communities and businesses in Florida who are recovering from the devastating impact of Hurricane Ian. We are fortunate to report that United sustained no loss of life or property."
