

Prospectus Supplement  
To the Prospectus dated April 25, 2012

640,000 Shares

Common Stock

This prospectus supplement and accompanying prospectus relate to the offer and sale from time to time of 640,000 shares of our common stock, \$1.00 par value per share, through Sandler O'Neill + Partners, L.P. ("Sandler O'Neill") as our sales agent, or to Sandler O'Neill as principal for its own account, at a price agreed upon at the time of sale, for resale. If we sell shares of our common stock to Sandler O'Neill as principal or other than in accordance with the sales agency agreement, we will enter into a separate agreement setting forth the terms of such transaction and we will describe such agreement in a separate prospectus supplement or pricing supplement.

Our common stock is traded on The Nasdaq Global Select Market ("Nasdaq") under the symbol "UCBI." On March 24, 2014, the last reported sale price of our common stock on Nasdaq was \$19.84 per share. You are urged to obtain current market quotations of our common stock.

The shares of our common stock, to which this prospectus supplement relates generally, will be offered and sold through Sandler O'Neill over a period of time and from time to time in transactions at market prices prevailing at the time, at prices related to the prevailing market prices or at negotiated prices, pursuant to a sales agency agreement. We will pay Sandler O'Neill a commission equal to 1.25% of the gross sales price per share for any shares sold through Sandler O'Neill under the sales agency agreement. The net proceeds we receive from the sale of the shares, to which this prospectus supplement relates, will be the gross proceeds received from such sales less the commissions or discounts and any other costs we may incur in issuing the shares. See "Plan of Distribution" for further information.

*Investing in our common stock involves risks. ## SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus, as well as other written communications made from time to time by us and oral communications made from time to time by our authorized officers, may contain statements relating to our future results (including certain projections and business trends) that are considered “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995 (the “PSLRA”). - changes in laws and regulations or failures to comply with such laws and regulations;

## RISK FACTORS

*An investment in our common stock involves various risks. Before making an investment decision, you should carefully read and consider the risk factors described below as well as the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, as the same may be updated from time to time by our future filings with the SEC under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Any of these risks, if they are realized, could materially adversely affect our business, financial condition, and results of operations. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially and adversely affect us. In any such case, you could lose all or a portion of your original investment.*

### **Risks Related to this Offering and Ownership of Our Common Stock**

***The price of our common stock may fluctuate significantly, which may make it difficult for investors to resell shares of common stock at a time or price they find attractive.***

Our stock price may fluctuate significantly as a result of a variety of factors, many of which are beyond our control. In addition to those described in "Special Note Regarding Forward Looking Statements," These factors include:

- Actual or anticipated quarterly fluctuations in our operating results and financial condition;
- Changes in financial estimates or publication of research reports and recommendations by financial analysts with respect to us or other financial institutions;
- Reports in the press or investment community generally or relating to our reputation or the financial services industry;
- Strategic actions by us or our competitors, such as acquisitions, restructurings, dispositions, or financings;
- Fluctuations in the stock price and operating results of our competitors;
- Future sales of our equity or equity-related securities;
- Proposed or adopted regulatory changes or developments;
- Domestic and international economic factors unrelated to our performance; and
- General market conditions and, in particular, developments related to market conditions for the financial services industry.

In addition, in recent years, the stock market in general has experienced extreme price and volume fluctuations. This volatility has had a significant effect on the market price of securities issued by many companies, including for reasons unrelated to their operating performance. These broad market fluctuations may adversely affect our stock price, notwithstanding our operating results. We expect that the market price of our common stock will continue to fluctuate and there can be no assurances about the levels of the market prices for our common stock.

***Trading in our common stock has been moderate. As a result, shareholders may not be able to quickly and easily sell their common stock, particularly in large quantities.***

Although our common stock is listed for trading on Nasdaq and a number of brokers offer to make a market in the common stock on a regular basis, trading volume is limited, averaging approximately 482,000 shares per day over the past three months, and a more active and liquid market for our common stock may not develop or be maintained. As a result, shareholders may find it difficult to sell a significant number of shares at the prevailing market price.

***We may issue additional equity securities, or engage in other transactions which could dilute our book value or affect the priority of the common stock, which may adversely affect the market price of our common stock.***

Our board of directors may determine from time to time that we need to raise additional capital by issuing additional shares of our common stock or other securities. We are not restricted from issuing additional shares of common stock, including securities that are convertible into or exchangeable for, or that represent the right to receive, common stock. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing, or nature of any future offerings, or the prices at which such offerings may be affected. Such offerings could be dilutive to common shareholders. New investors also may have rights, preferences and privileges that are senior to, and that adversely affect, our then-current common shareholders. Additionally, if we raise additional capital by making additional offerings of debt or preferred equity securities, upon liquidation of United, holders of our debt securities and shares of preferred stock, and lenders with respect to other borrowings, will receive distributions of our available assets before the holders of our common stock. Additional equity offerings may dilute the holdings of our existing shareholders or reduce the market price of our common stock, or both. Holders of our common stock are not entitled to preemptive rights or other protections against dilution.

***We rely on dividends we receive from our subsidiary and are subject to restrictions on our ability to declare or pay dividends.***

As a bank holding company, our ability to pay dividends depends primarily on the receipt of dividends from our wholly-owned bank subsidiary. Dividend payments from the bank are subject to legal and regulatory limitations, generally based on retained earnings, imposed by bank regulatory agencies. The ability of the bank to pay dividends is also subject to financial condition, regulatory capital requirements, capital expenditures and other cash flow requirements.

***Sales, or the perception that sales could occur, of large amounts of our common stock by our institutional investors may depress our stock price.***

The market price of our common stock could drop if certain of our existing shareholders decide to sell their shares. As of December 31, 2013, BlackRock, Inc., Corsair Capital LLC, Wellington Management Company, LLP and State Street Corp. owned 9.13%, 8.89%, 8.07%, and 6.18%, respectively, of the outstanding shares of our common stock. If any of these shareholders sell large amounts of our common stock, or other investors perceive such sales to be imminent, the market price of our common stock could decline.

***An investment in our common stock is not an insured deposit.***

Our common stock is not a bank deposit and, therefore, is not insured against loss by the Federal Deposit Insurance Corporation or any other public or private entity. Investment in our common stock is inherently risky for the reasons described in this “*Risk Factors*” section and elsewhere in this prospectus supplement and is subject to the same market forces that affect the common stock in any company. As a result, if you acquire our common stock, you may lose some or all of your investment.

***The sale of our common stock registered by this prospectus supplement may adversely affect the market price of our common stock.***

Our common stock generally will be offered and sold through our sales agent over a period of time and from time to time in transactions at market prices prevailing at the time, at prices related to the prevailing market prices or at negotiated prices, pursuant to a sales agency agreement. The sale of a large number of shares could be adversely disruptive to the trading price of our common stock.

***This offering is expected to be dilutive.***

Giving effect to the issuance of our common stock in this offering, the receipt of the expected net proceeds and the use of those proceeds, we expect that this offering will have a dilutive effect on our earnings per share and funds from operations per share for the years in which we issue shares in this offering. The actual amount of dilution cannot be determined at this time and will be based on numerous factors.

#### **Risks Related to Our Business**

For the risks associated with our business and industry, as well as the risks related to legislative and regulatory events, see the section entitled “*Risk Factors*” in our Annual Report on Form 10-K for the year ended December 31, 2013, which is incorporated in this prospectus supplement by reference.

## USE OF PROCEEDS

We intend to use the net proceeds from this offering, if any, for general corporate purposes, including the payment of funds in connection with our settlement with Fletcher pursuant to a Settlement Agreement, dated as of March 5, 2014, by and between United and Fletcher. The settlement was previously announced and described in our Current Report on Form 8-K filed on March 6, 2014. The closing of the settlement will occur upon the expiration of the fourteen day period following the March 20, 2014 order of the United States Bankruptcy Court for the Southern District of New York approving the terms of the settlement, unless there is an appeal of the order then-pending.

## DESCRIPTION OF OUR COMMON STOCK

The following is a general description of the terms and provisions of our common stock. This summary is not meant to be a complete description of our common stock. This description is subject to and qualified in its entirety by reference to our Restated Articles of Incorporation, as amended (the "Articles"), and our Amended and Restated Bylaws, as amended (the "Bylaws"), the applicable provisions of the Georgia Business Corporation Code and our Tax Benefits Preservation Plan, dated as of February 22, 2011, as amended. The Articles are filed as an exhibit to our Quarterly Report on Form 10-Q for the period ended June 30, 2011 and our Bylaws are filed as an exhibit to our Quarterly Report on Form 10-Q for the period ended March 31, 2011. The Tax Benefits Preservation Plan, dated as of February 22, 2011, is filed as an exhibit to our Current Report on Form 8-K filed on February 24, 2011. The amendments to the Tax Benefits Preservation Plan, dated as of March 29, 2011 and June 17, 2011, respectively, are filed as exhibits to our Current Reports on Form 8-K filed on March 31, 2011 and June 21, 2011, respectively.

**General.** Our authorized voting common stock (the "common stock") consists of 100,000,000 shares, \$1.00 par value per share. Our authorized non-voting common stock (the "non-voting common stock") consists of 26,000,000 shares, \$1.00 par value per share. Each holder of common stock is entitled to one vote per share on any issue requiring a vote at any meeting. The shares of common stock do not have cumulative voting rights. Upon liquidation, holders of our common stock, together with holders of our non-voting common stock and Junior Participating Preferred Stock, Series E (the "Series E Preferred Stock"), will be entitled to receive on a pro rata basis, after payment or provision for payment of all our debts and liabilities, and after all distributions payments are made to holders of any of our preferred stock.

Subject to the rights of holders of any of our preferred stock, all shares of our common stock, together with all shares of our non-voting common stock and Series E Preferred Stock, are entitled to share equally in any dividends that our board of directors may declare on our common stock, our non-voting common stock and our Series E Preferred Stock from sources legally available for distribution.

As of March 15, 2014, there were approximately 6,700 record shareholders and 16,650 beneficial shareholders of our common stock and non-voting common stock, and an aggregate of 59,449,181 shares of common stock and non-voting common stock were issued and outstanding including 49,368,394 voting shares and 10,080,787 non-voting shares. Also outstanding were presently exercisable options to acquire 348,860 shares, presently exercisable warrants to acquire 219,909 shares, 237,714 shares issuable under our deferred compensation plan and 1,075,343 shares issuable upon the vesting of restricted stock and restricted stock units.

**Tax Benefits Preservation Plan.** As of February 22, 2011, we adopted a Tax Benefits Preservation Plan designed to protect our ability to utilize our substantial tax assets. Our tax attributes include net operating losses that we could utilize in certain circumstances to offset taxable income and reduce our federal income tax liability. Our ability to use these tax benefits would be substantially limited if we were to experience an "ownership change" as defined under Section 382 of the Internal Revenue Code of 1986, as amended, and related Internal Revenue Service pronouncements ("Section 382"). In general, an "ownership change" would occur if our "5-percent shareholders," as defined under Section 382, collectively increased their ownership in United by more than 50% over a rolling three-year period. The Tax Benefits Preservation Plan is designed to reduce the likelihood that we will experience an "ownership change" by discouraging any person or group from becoming a beneficial owner of 4.99% or more of our common stock then outstanding (referred to herein as a "Threshold Holder").

In connection with the Tax Benefits Preservation Plan, our board of directors declared a dividend of one preferred share purchase right (individually, a "Right," and collectively the "Rights") in respect of each share of common stock outstanding at the close of business on February 23, 2011 and in respect of each share of common stock to become outstanding during the term of the plan. Each Right represents the right to purchase for an initial purchase price of \$40.00, one-hundredth of a share of our Series E Preferred Stock. The Rights become exercisable by holders of those rights (other than a Threshold Holder) upon certain triggering events. Prior to such a triggering event, our board of directors may, at its option, exchange all or part of the then outstanding and exercisable Rights at an exchange ratio of one share of common stock per Right, subject to the adjustments and limitations described in the Tax Benefits Preservation Plan.

On March 29, 2011, we amended the Tax Benefits Preservation Plan with respect to certain definitions contained in the plan, including the definition of “Acquiring Person,” “Affiliate” and “Final Expiration Date.” The definition of “Acquiring Person” was amended to include within the exemptions to the definition, certain entities that were not previously exempt from such definition. The definition of “Affiliate” was amended to remove from the definition the meaning ascribed to the term “Affiliate” in Rule 12b-2 under the Exchange Act. The definition of “Final Expiration Date” was amended to change the expiration date of the plan from the fifth anniversary of the date of the plan to March 31, 2014, subject to certain exceptions.

On June 17, 2011, we further amended the Tax Benefits Preservation Plan to reflect the reclassification of our common stock in the form of 1-for-5 reverse stock split, effective as of June 17, 2011. As noted above, the amendment proportionally adjusted the initial purchase price for each one-hundredth of a share of our Series E Preferred Stock from \$8.00 to \$40.00.

While the Tax Benefits Preservation Plan was established to protect our ability to utilize our substantial tax assets, it should be noted that:

- the plan could have the effect of limiting transferability of our common stock because it makes it more difficult and more expensive to acquire our common stock;
- the plan could decrease the marketability of our common stock and deter a potential acquirer of United or our common stock;
- while the plan provides an economic disincentive for any one person or group to become a Threshold Holder and for any existing Threshold Holder to acquire more than a specified amount of additional shares, there can be no assurance that the plan will deter a shareholder from increasing its ownership interests beyond the limits set by the plan; and
- our determination that United has not experienced an “ownership change” as defined under Section 382 and that the plan should create a disincentive for one to occur is based on current law and that any change in applicable law may result in an “ownership change.”

For more information on our Tax Benefits Preservation Plan, as amended, see the information about the plan in the “*Risk Factors*” section of this prospectus supplement and the disclosure contained in our Registration Statement on Form 8-A filed with the SEC on February 24, 2011, our Current Reports on Form 8-K, including the related exhibits, filed with the SEC on February 24, 2011, March 31, 2011 and June 21, 2011.

## PLAN OF DISTRIBUTION

We have entered into a sales agency agreement with Sandler O'Neill dated March 25, 2014, under which we may issue and sell from time to time up to 640,000 shares of our common stock through Sandler O'Neill as our sales agent. Sales of the shares of our common stock, if any, under this prospectus supplement and the accompanying prospectus will be made in "at-the-market" offerings as defined in Rule 415 of the Securities Act of 1933, as amended (the "Securities Act"), including sales made by means of ordinary brokers' transactions on Nasdaq or other transactions at market prices prevailing at the time of the sale, at prices related to the prevailing market prices, or at negotiated prices.

Sandler O'Neill will offer our common stock on a best efforts basis subject to the terms and conditions of the sales agency agreement on a daily basis or as otherwise agreed upon by us and Sandler O'Neill. Upon its acceptance of written instructions from us, Sandler O'Neill will use its commercially reasonable efforts as our sales agent to sell on our behalf the designated shares of our common stock under the terms and subject to the conditions set forth in the sales agency agreement. We will instruct Sandler O'Neill as to the amount of common stock to be sold by it. We may instruct Sandler O'Neill not to sell common stock if the sales cannot be effected at or above the price designated by us in any instruction. We or Sandler O'Neill may suspend the offering of our common stock under certain circumstances under the sales agency agreement by notifying the other party.

Sandler O'Neill will receive from us a commission equal to 1.25% of the gross sales price per share for any shares sold through it as our sales agent under the sales agency agreement. The remaining sales proceeds, after deducting any expenses payable by us and any transaction fees imposed by any governmental, regulatory or self-regulatory organization in connection with the sales, will equal our net proceeds for the sale of such shares. We have agreed to reimburse Sandler O'Neill for legal expenses incurred by Sandler O'Neill, subject to certain limitations. We estimate that the total expenses of the offering payable by us, excluding discounts and commissions payable to Sandler O'Neill under the sales agency agreement, will be approximately \$175,000.

Settlement for sales of our common stock will occur, unless we and Sandler O'Neill agree otherwise, on the third business day following the date on which any sales were made in return for payment of the net proceeds to us. There is no arrangement for funds to be received in an escrow, trust or similar arrangement.

Under the terms of the sales agency agreement, we also may sell shares of our common stock to Sandler O'Neill, as principal for its own account, at a price agreed upon at the time of sale. If we sell shares to Sandler O'Neill as principal or other than in accordance with the sales agency agreement, we will enter into a separate agreement with Sandler O'Neill, and we will describe such agreement in a separate prospectus supplement or pricing supplement. We will report in a prospectus supplement and/or our filings under the Exchange Act at least quarterly the number of shares of our common stock sold through Sandler O'Neill under the sales agency agreement, the net proceeds to us and the compensation paid by us to Sandler O'Neill in connection with the sales of our common stock.

In connection with the sale of common stock on our behalf, Sandler O'Neill will be deemed to be an "underwriter" within the meaning of the Securities Act, and the compensation paid to Sandler O'Neill will be deemed to be underwriting commissions or discounts. We have agreed in the sales agency agreement to indemnify Sandler O'Neill against certain specified liabilities, including liabilities under the Securities Act, or to contribute to payments that Sandler O'Neill may be required to make because of those liabilities.

In the ordinary course of their business, Sandler O'Neill and/or its affiliates have engaged and may engage in commercial and investment banking transactions, financial advisory and other transactions with us. They have received, or may receive, customary compensation and expenses.

## **RISK FACTORS**

Investing in our securities involves a high degree of risk. You should carefully review the risks and uncertainties described in the section entitled “Risk Factors” in our most recent Annual Report on Form 10-K, as updated by any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K that we have filed or will file with the SEC and which are incorporated by reference into this prospectus, as well as the risk factors and other information contained in the applicable prospectus supplement and any related free writing prospectus. The risks described in these documents are not the only ones we face, but those that we currently consider to be material. There may be other unknown or unpredictable economic, business, competitive, regulatory or other factors that could have material adverse effects on our future results. Past financial performance may not be a reliable indicator of future performance and historical trends should not be used to anticipate results or trends in future periods. Please also read carefully the section below entitled “A Warning About Forward Looking Statements”.

## A WARNING ABOUT FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), about United and its subsidiaries. These forward-looking statements are intended to be covered by the safe harbor for forward-looking statements provided by the Private Securities Litigation Reform Act of 1995. Forward-looking statements are not statements of historical fact, and can be identified by the use of forward-looking terminology such as “believes”, “expects”, “may”, “will”, “could”, “should”, “projects”, “plans”, “goal”, “targets”, “potential”, “estimates”, “pro forma”, “seeks”, “intends”, or “anticipates” or the negative thereof or comparable terminology. Forward-looking statements include discussions of strategy, financial projections, guidance and estimates (including their underlying assumptions), statements regarding plans, objectives, expectations or consequences of various transactions, and statements about the future performance, operations, products and services of United and its subsidiaries. We caution our shareholders and other readers not to place undue reliance on such statements.

Our businesses and operations are and will be subject to a variety of risks, uncertainties and other factors. Consequently, actual results and experience may materially differ from those contained in any forward-looking statements. Such risks, uncertainties and other factors that could cause actual results and experience to differ from those projected include, but are not limited to, the risk factors set forth in this prospectus and in our Annual Report on Form 10-K for the year ended December 31, 2011:

- our ability to maintain profitability;
- our ability to fully realize our deferred tax asset balances, including net operating loss carry-forwards;
- the condition of the banking system and financial markets;
- the results of our most recent internal stress test may not accurately predict the impact on our financial condition if the economy was to continue to deteriorate;
- our ability to raise capital as may be necessary;
- our ability to maintain liquidity or access other sources of funding;
- changes in the cost and availability of funding;
- the success of the local economies in which we operate;
- our concentrations of residential and commercial construction and development loans and commercial real estate loans are subject to unique risks that could adversely affect our earnings;
- changes in prevailing interest rates may negatively affect our net income and the value of our assets;
- the accounting and reporting policies of United;
- if our allowance for loan losses is not sufficient to cover actual loan losses;
- we may be subject to losses due to fraudulent and negligent conduct of our loan customers, third party service providers or employees;
- competition from financial institutions and other financial service providers;
- the United States Department of the Treasury (“Treasury”) may change the terms of our Series B Preferred Stock;
- risks with respect to future expansion and acquisitions;
- conditions in the stock market, the public debt market and other capital markets deteriorate;
- the impact of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and related regulations and other changes in financial services laws and regulations;
- the failure of other financial institutions;
- a special assessment that may be imposed by the Federal Deposit Insurance Corporation (“FDIC”) on all FDIC-insured institutions in the future, similar to the assessment in 2009 that decreased our earnings; and
- regulatory or judicial proceedings, board resolutions, informal memorandums of understanding or formal enforcement actions imposed by regulators that occur, or any such proceedings or enforcement actions that is more severe than we anticipate.

All written or oral forward-looking statements attributable to us or any person acting on our behalf made after the date of this prospectus are expressly qualified in their entirety by the risk factors and cautionary statements contained in and incorporated by reference into this prospectus. Unless legally required, we do not undertake any obligation to release publicly any revisions to such forward-looking statements to reflect events or circumstances after the date of this prospectus or to reflect the occurrence of unanticipated events.

## RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth our consolidated ratio of earnings to fixed charges and our ratio of earnings to fixed charges excluding interest on deposits for the periods indicated:

## USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement, we will use the net proceeds we receive from any offering of these securities for general corporate purposes, which may include funding our bank and non-bank subsidiaries, financing business expansion, refinancing or extending the maturity of debt obligations, investments at the holding company level and stock repurchases. The applicable prospectus supplement will provide more detail on the use of proceeds of any specific offering.

## PLAN OF DISTRIBUTION

We may sell the securities offered pursuant to this prospectus and any prospectus supplement to or through one or more underwriters or dealers or through agents. Each prospectus supplement, to the extent applicable, will describe the number and terms of the securities to which such prospectus supplement relates, the name or names of any underwriters or agents with whom we have entered into arrangements with respect to the sale of such securities, the public offering or purchase price of such securities and the net proceeds we will receive from such sale. Any underwriter or agent involved in the offer and sale of the securities will be named in the applicable prospectus supplement. We may also sell securities directly to investors on our own behalf in those jurisdictions where we are authorized to do so.

Underwriters may offer and sell the securities at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices. We also may, from time to time, authorize dealers or agents to offer and sell these securities upon such terms and conditions as may be set forth in the applicable prospectus supplement. In connection with the sale of any of these securities, underwriters may receive compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for which they may act as agents.

Shares may also be sold in one or more of the following transactions: (1) block transactions (which may involve crosses) in which a broker-dealer may sell all or a portion of the shares as agent but may position and resell all or a portion of the block as principal to facilitate the transaction; (2) purchases by a broker-dealer as principal and resale by the broker-dealer for its own account pursuant to a prospectus supplement; (3) a special offering, an exchange distribution or a secondary distribution in accordance with applicable stock exchange rules; (4) ordinary brokerage transactions and transactions in which a broker-dealer solicits purchasers; (5) sales "at the market" to or through a market maker or into an existing trading market, on an exchange or otherwise, for shares; and (6) sales in other ways not involving market makers or established trading markets, including direct sales to purchasers. Broker-dealers may also receive compensation from purchasers of the shares which is not expected to exceed that customary in the types of transactions involved.

Any underwriting compensation paid by us to underwriters or agents in connection with the offering of these securities, and any discounts or concessions or commissions allowed by underwriters to participating dealers, will be set forth in the applicable prospectus supplement. Dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions.

Underwriters, dealers and agents may be entitled, under agreements entered into with us, to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act of 1933. Unless otherwise set forth in the accompanying prospectus supplement, the obligations of any underwriters to purchase any of these securities will be subject to certain conditions precedent.

In connection with the offering of the securities hereby, certain underwriters, and selling group members and their respective affiliates, may engage in transactions that stabilize, maintain or otherwise affect the market price of the applicable securities. These transactions may include stabilization transactions effected in accordance with Rule 104 of Regulation M promulgated by the SEC pursuant to which these persons may bid for or purchase securities for the purpose of stabilizing their market price.

The underwriters in an offering of securities may also create a “short position” for their account by selling more securities in connection with the offering than they are committed to purchase from us. In that case, the underwriters could cover all or a portion of the short position by either purchasing securities in the open market following completion of the offering of these securities or by exercising any over-allotment option granted to them by us. In addition, the managing underwriter may impose “penalty bids” under contractual arrangements with other underwriters, which means that they can reclaim from an underwriter (or any selling group member participating in the offering) for the account of the other underwriters, the selling concession for the securities that are distributed in the offering but subsequently purchased for the account of the underwriters in the open market. Any of the transactions described in this paragraph or comparable transactions that are described in any accompanying prospectus supplement may result in the maintenance of the price of the securities at a level above that which might otherwise prevail in the open market. None of the transactions described in this paragraph or in an accompanying prospectus supplement are required to be taken by any underwriters and, if they are undertaken, may be discontinued at any time.

Our common stock is listed on the Nasdaq Global Select Market under the symbol “UCBI”. Our preferred stock will be new issues of securities with no established trading market and may or may not be listed on a national securities exchange. Any underwriters or agents to or through which securities are sold by us may make a market in the securities, but these underwriters or agents will not be obligated to do so and any of them may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of or trading market for any securities sold by us.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us and our affiliates in the ordinary course of business. Underwriters have from time to time in the past provided, and may from time to time in the future provide, investment banking services to us for which they have in the past received, and may in the future receive, customary fees.

We have committed to the Federal Reserve Bank of Atlanta that we will not declare or pay dividends on any of our capital stock without their approval.

As of April 6, 2012, 41,692,823 shares of the Common Stock and 15,914,209 shares of the Non-Voting Common were issued and outstanding, exclusive of 91,777 shares of Common Stock issuable under United's deferred compensation plan; 426,075 shares of Common Stock that may be issued upon the vesting of restricted stock and restricted stock units; 514,068 shares of Common Stock that may be issued upon the exercise of options outstanding, with a weighted average exercise price of \$98.22 per share; 129,670 shares of Common Stock reserved for issuance upon the exercise of warrants issued in connection with the issuance of trust preferred securities, with a conversion price of \$100.00 per share; 219,908.4 shares of Common Stock reserved for issuance upon the exercise of warrants issued in connection with the issuance of preferred stock to Treasury with a conversion price of \$61.39 per share; 1,411,765 shares of Common Stock reserved for issuance upon the conversion of Junior Preferred Stock received upon the exercise of a warrant issued to Fletcher, with an exercise price of \$21.25 per share; 2,476,191 shares of Common Stock reserved for issuance upon the conversion of our Junior Preferred Stock or our Series C Preferred Stock that may be purchased by Fletcher International, Ltd. *Tax Benefits Preservation Plan.* As of February 22, 2011, we adopted a Tax Benefits Preservation Plan designed to protect our ability to utilize our substantial tax assets. Our tax attributes include net operating losses that we could utilize in certain circumstances to offset taxable income and reduce our federal income tax liability. Our ability to use these tax benefits would be substantially limited if we were to experience an “ownership change” as defined under Section 382 of the Internal Revenue Code of 1986, as amended, and related Internal Revenue Service pronouncements. In general, an “ownership change” would occur if our “5-percent shareholders”, as defined under Section 382, collectively increased their ownership in United by more than 50% over a rolling three-year period. The Tax Benefits Preservation Plan is designed to reduce the likelihood that we will experience an ownership change by discouraging any person or group from becoming a beneficial owner of 4.99% or more of the Common Stock of United then outstanding (referred to herein as a “Threshold Holder”).

In connection with the Tax Benefits Preservation Plan, our board of directors declared a dividend of one preferred share purchase right (individually, a “Right”, and collectively the “Rights”) in respect of each share of Common Stock outstanding at the close of business on February 23, 2011 and in respect of each share of Common Stock to become outstanding during the term of the plan. Each Right represents the right to purchase for an initial purchase price of \$40.00, one-hundredth of a share of our Series E Preferred Stock. The Rights become exercisable by holders of those rights (other than a Threshold Holder) upon certain triggering events. Prior to such a triggering event, our board of directors may, at its option, exchange all or part of the then outstanding and exercisable Rights at an exchange ratio of one share of Common Stock per Right, subject to the adjustments and limitations described in the Tax Benefits Preservation Plan.

On March 29, 2011, we amended the Tax Benefits Preservation Plan with respect to certain definitions contained in the plan, including the definition of “Acquiring Person”, “Affiliate” and “Final Expiration Date”. The definition of “Acquiring Person” was amended to include within the exemptions to the definition, certain entities that were not previously exempt from such definition. The definition of “Affiliate” was amended to remove from the definition the meaning ascribed to the term “Affiliate” in Rule 12b-2 under the Exchange Act. The definition of “Final Expiration Date” was amended to change the expiration date of the plan from the fifth anniversary of the date of the plan to March 31, 2014, subject to certain exceptions.

On June 17, 2011, we further amended the Tax Benefits Preservation Plan to reflect the Reclassification, effective as of June 17, 2011. As noted above, the amendment proportionally adjusted the initial purchase price for each one-hundredth of a share of our Series E Preferred Stock from \$8.00 to \$40.00.

While the Tax Benefits Preservation Plan was established to protect our ability to utilize our substantial tax assets, it should be noted that:

- the plan could have the effect of limiting transferability of our Common Stock because it makes it more difficult and more expensive to acquire our Common Stock;
- the plan could decrease the marketability of our Common Stock and deter a potential acquirer of our Common Stock or the Company;
- while the plan provides an economic disincentive for any one person or group to become a Threshold Holder and for any existing Threshold Holder to acquire more than a specified amount of additional shares, there can be no assurance that the plan will deter a shareholder from increasing its ownership interests beyond the limits set by the plan; and
- our determination that United has not experienced an “ownership change” as defined under Section 382 and that the plan should create a disincentive for one to occur is based on current law and that any change in applicable law may result in an ownership change.

For more information on our Tax Benefits Preservation Plan, as amended, see the information about the plan in the “Risk Factors” section of this prospectus and the disclosure contained in our Registration Statement on Form 8-A filed with the SEC on February 24, 2011, our Current Report on Form 8-K, including the related exhibits, filed with the SEC on February 24, 2011 and our Current Reports on Form 8-K, including the related exhibits, filed with the SEC on March 31, 2011 and June 21, 2011.

### **Non-Voting Common Stock**

*General.* Our authorized Non-Voting Common Stock consists of 30,000,000 shares, \$1.00 par value per share. Except with respect to voting rights and as specifically set forth below, the Non-Voting Common Stock has the same designations, powers, preferences, limitations, restrictions, and relative rights as, and is identical in all respects to, our Common Stock. As of April 6, 2012, 15,914,209 shares of our Non-Voting Common Stock were issued and outstanding.

*No Voting Rights.* Except as required by Georgia law or our Articles, holders of the Non-Voting Common Stock have no right to vote on any matter submitted to a vote at a meeting of our shareholders. The Articles provide that, in addition to any other vote required by law, the affirmative vote of the holders of a majority of the outstanding shares of the Non-Voting Common Stock, voting separately as a class, will be required to amend, alter or repeal any provision of the Articles that significantly and adversely affects the rights, preferences or privileges of the Non-Voting Common Stock.

*Dividends.* Subject to the preferential dividend rights, if any, of any preferred stock of United, the holders of Non-Voting Common Stock will be entitled to receive, to the extent permitted by law, such dividends as may be declared from time to time by the board of directors on the Common Stock. If a dividend is declared and paid with respect to the Common Stock, then the board of directors will declare and pay an equivalent dividend, on a per share basis, to the Non-Voting Common Stock. Likewise, if the board of directors declares and pays a dividend on the Non-Voting Common Stock, it will declare and pay an equivalent dividend, on a per share basis, on the Common Stock.

*Distributions.* After distribution in full of any preferential amount to be distributed to the holders of preferred stock of United, holders of Non-Voting Common Stock and Common Stock will be entitled to receive, in the event of the voluntary or involuntary liquidation, dissolution, distribution of assets or winding-up of United, all of United's remaining assets of whatever kind available for distribution to the shareholders ratably in proportion to the number of shares of Common Stock and Non-Voting Common Stock held by them.

*Adjustments.* In the event of any stock split, combination or other reclassification of either the Common Stock or the Non-Voting Common Stock, the outstanding shares of the other class will be proportionately split, combined or reclassified in a similar manner, provided that in any such transaction, only holders of Common Stock will receive shares of Common Stock and only holders of Non-Voting Common Stock will receive shares of Non-Voting Common Stock.

*Conversion.* The Non-Voting Common Stock may be converted into Common Stock by any holder of Non-Voting Common Stock, other than the initial holder of such Non-Voting Common Stock or an affiliate thereof, who acquires one or more shares of Non-Voting Common Stock in an "Approved Transfer". An "Approved Transfer" means a sale or other transfer (i) to an affiliate of the holder of the Non-Voting Common Stock to be transferred under common control with such holder's ultimate parent, general partner or investment advisor but only if the transferee agrees in writing for the benefit of United to be bound by the terms of the applicable Investor Agreement; (ii) in a widely distributed public offering registered pursuant to the Securities Act; (iii) to a person that is acquiring at least a majority of United's outstanding "voting securities" (as defined in the Bank Holding Company Act and any rules or regulations promulgated thereunder) not including any voting securities such person is acquiring from the holder of the Non-Voting Common Stock to be transferred or its affiliates; or (iv) upon certification by the holder of the Non-Voting Common Stock to be transferred in writing to United that such holder believes that the transferee shall not, after giving effect to such transfer, own for purposes of the Bank Holding Company Act, or the Change of Bank Control Act, and any rules and regulations promulgated thereunder, more than 2% of any class of voting securities of United outstanding at such time.

*Mergers, Consolidations, Etc.* In the event of any merger, consolidation, reclassification or other transaction in which the shares of United's Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, each share of Non-Voting Common Stock will at the same time be similarly exchanged or changed in an amount per whole share equal to the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, that each share of Common Stock would be entitled to receive as a result of such transaction, provided that at the election of such holder, any securities issued with respect to the Non-Voting Common Stock will be non-voting securities under the resulting corporation's organization documents and United will make appropriate provisions and take such actions necessary to ensure that holders of the Non-Voting Common Stock will retain securities with substantially the same rights and benefits as the Non-Voting Common Stock. In the event the holders of Common Stock are provided the right to convert or exchange Common Stock for stock or securities, cash and/or any other property, then the holders of the Non-Voting Common Stock will be provided the same right based upon the number of shares of Common Stock such holders would be entitled to receive if such shares of Non-Voting Common Stock were converted into shares of Common Stock immediately prior to such offering. In the event that United offers to repurchase shares of Common Stock from its shareholders generally, United will offer to repurchase Non-Voting Common Stock pro rata based upon the number of shares of Common Stock such holders would be entitled to receive if such shares were converted into shares of Common Stock immediately prior to such repurchase. In the event of any pro rata subscription offer, rights offer or similar offer to holders of Common Stock, United will provide the holders of the Non-Voting Common Stock the right to participate based upon the number of shares of Common Stock such holders would be entitled to receive if such shares were converted into shares of Common Stock immediately prior to such offering; provided that at the election of such holder, any shares issued with respect to the Non-Voting Common Stock will be issued in the form of Non-Voting Common Stock rather than Common Stock.

*Restrictions on Transfer.* Shares of the Non-Voting Common Stock may only be transferred in an Approved Transfer, as described above.

## **Description of Preferred Stock**

Under our Articles, we have the authority to issue up to 10,000,000 shares of preferred stock, \$1.00 par value per share, issuable in specified series and having specified voting, dividend, conversion, liquidation, and other rights and preferences as our board of directors may determine, subject to limitations set forth in our Articles. The preferred stock may be issued for any lawful corporate purpose without further action by our shareholders. The issuance of any preferred stock having conversion rights might have the effect of diluting the interests of our other shareholders. In addition, shares of preferred stock could be issued with rights, privileges and preferences which would deter a tender or exchange offer or discourage the acquisition of control of United.

Of such authorized number of shares of preferred stock, (i) 1,000,000 shares of Junior Preferred Stock are authorized, with no shares issued or outstanding; (ii) 287,411 shares of Series A Preferred Stock are authorized, with 21,700 shares issued and outstanding; (iii) 180,000 shares of Series B Preferred Stock are authorized, with 180,000 shares issued and outstanding; (iv) 65,000 shares of Series C Preferred Stock are authorized, with no shares issued and outstanding; (v) 25,000 shares of Series D Preferred Stock are authorized, with 16,613 shares issued and outstanding; (vi) 1,000,000 shares of Series E Preferred Stock are authorized, with no shares issued and outstanding; (vii) 195,872 shares of Series F Preferred Stock are authorized, with no shares issued and outstanding; and (viii) 151,185 shares of Series G Preferred Stock are authorized, with no shares issued and outstanding.

## Description of Debt Securities

We may offer from time to time debt securities in the form of either senior debt securities or subordinated debt securities. Unless otherwise specified in a supplement to this prospectus, the debt securities will be our direct, unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness. The debt securities will be issued under one or more separate indentures between us and a trustee to be identified in the applicable prospectus supplement.

We have summarized the general terms and provisions of the indenture below but the summary is not complete. Form of indentures for senior indebtedness and subordinated indebtedness have been incorporated by reference as exhibits to the registration statement. The indentures are substantially identical except for the subordination provisions described below under “Subordinated Debt Securities” in this “Description of the Debt Securities”. You should read the indentures for provisions that may be important to you.

When we offer to sell a particular series of debt securities, we will describe the specific terms of the series in a supplement to this prospectus. We will also indicate in the supplement whether the general terms and provisions described in this prospectus apply to a particular series of debt securities. Capitalized terms used in the summary have the meanings specified in the form of indentures. This summary refers to both indentures as the form of “indenture”.

### General

The terms of each series of debt securities will be established by or pursuant to a resolution of our board of directors and set forth or determined in the manner provided in a supplemental indenture. The particular terms of each series of debt securities will be described in a prospectus supplement relating to such series.

We can issue an unlimited amount of debt securities under the indenture. The debt securities may be in one or more series with the same or various maturities, at par, at a premium, or at a discount. We will set forth in a prospectus supplement relating to any series of debt securities being offered, the aggregate principal amount and the following terms of the debt securities:

- the title of the debt securities;
- the price or prices, expressed as a percentage of the principal amount, at which we will sell the debt securities;
- whether the debt securities will be senior or subordinated;
- any subordination provisions, if different from those described below under “Subordinated Debt Securities”;
- any limit on the aggregate principal amount of the debt securities;
- the date or dates on which we will pay the principal on the debt securities;
- the rate or rates, which may be fixed or variable, per annum or the method used to determine the rate or rates (including any commodity, commodity index, stock exchange index or financial index) at which the debt securities will bear interest, the date or dates from which interest will accrue, the date or dates on which interest will commence and be payable and any regular record date for the interest payable on any interest payment date;
- the place or places where principal of, premium and interest on the debt securities will be payable;
- the terms and conditions upon which we may redeem the debt securities;
- any obligation we have to redeem or purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder of debt securities;
- the dates on which and the price or prices at which we will repurchase debt securities at the option of the holders of debt securities and other detailed terms and provisions of these repurchase obligations;

- the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and any integral multiple thereof;
- whether the debt securities will be issued in the form of certificated debt securities or global debt securities;
- the portion of principal amount of the debt securities payable upon declaration of acceleration of the maturity date, if other than the principal amount;
- any addition to or change in the events of default described in this prospectus or in the indenture with respect to the debt securities and any change in the acceleration provisions described in this prospectus or in the indenture with respect to the debt securities;
- any addition to or change in the covenants described in this prospectus or in the indenture with respect to the debt securities;
- any other terms of the debt securities, which may modify or delete any provision of the indenture as it applies to that series;
- any depositaries, interest rate calculation agents, exchange rate calculation agents or other agents with respect to the debt securities; and
- any other specific terms of such debt securities.

In addition, the indenture does not limit our ability to issue convertible debt securities. Any conversion provisions of a particular series of debt securities will be set forth in the officer's certificate or supplemental indenture related to that series of debt securities and will be described in the relevant prospectus supplement. Such terms may include provisions for conversion, either mandatory, at the option of the holder or at our option, in which case the number of shares of common stock or other securities to be received by the holders of debt securities would be calculated as of a time and in the manner stated in the prospectus supplement.

We may issue debt securities that provide for an amount less than their stated principal amount to be due and payable upon declaration of acceleration of their maturity pursuant to the terms of the indenture. We will provide you with information on the federal income tax considerations and other special considerations applicable to any of these debt securities in the applicable prospectus supplement.

### **Transfer and Exchange**

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, as Depository, or a nominee (we will refer to any debt security represented by a global debt security as a "book-entry debt security"), or a certificate issued in definitive registered form (we will refer to any debt security represented by a certificated security as a "certificated debt security") as set forth in the applicable prospectus supplement. Except as set forth under the heading "Global Debt Securities and Book-Entry System" below, book-entry debt securities will not be issuable in certificated form.

#### ***Certificated Debt Securities.***

You may transfer or exchange certificated debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

You may effect the transfer of certificated debt securities and the right to receive the principal of, premium and interest on certificated debt securities only by surrendering the certificate representing those certificated debt securities and either reissuance by us or the trustee of the certificate to the new holder or the issuance by us or the trustee of a new certificate to the new holder.

#### ***Global Debt Securities and Book-Entry System.***

Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the depository, and registered in the name of the depository or a nominee of the depository. The depository has indicated it intends to follow the following procedures with respect to book-entry debt securities.

Ownership of beneficial interests in book-entry debt securities will be limited to persons that have accounts with the depository for the related global debt security, which we refer to as participants, or persons that may hold interests through participants. Upon the issuance of a global debt security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the book-entry debt securities represented by such global debt security beneficially owned by such participants. The accounts to be credited will be designated by any dealers, underwriters or agents participating in the distribution of the book-entry debt securities. Ownership of book-entry debt securities will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by the depository for the related global debt security (with respect to interests of participants) and on the records of participants (with respect to interests of persons holding through participants). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair the ability to own, transfer or pledge beneficial interests in book-entry debt securities.

So long as the depository for a global debt security, or its nominee, is the registered owner of that global debt security, the depository or its nominee, as the case may be, will be considered the sole owner or holder of the book-entry debt securities represented by such global debt security for all purposes under the indenture. Except as described below, beneficial owners of book-entry debt securities will not be entitled to have securities registered in their names, will not receive or be entitled to receive physical delivery of a certificate in definitive form representing securities and will not be considered the owners or holders of those securities under the indenture. Accordingly, each person beneficially owning book-entry debt securities must rely on the procedures of the depository for the related global debt security and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture.

We understand, however, that under existing industry practice, the depository will authorize the persons on whose behalf it holds a global debt security to exercise certain rights of holders of debt securities, and the indenture provides that we, the trustee and our respective agents will treat as the holder of a debt security the persons specified in a written statement of the depository with respect to that global debt security for purposes of obtaining any consents or directions required to be given by holders of the debt securities pursuant to the indenture.

We will make payments of principal of, and premium and interest on book-entry debt securities to the depository or its nominee, as the case may be, as the registered holder of the related global debt security. United, the trustee and any other agent of ours or agent of the trustee will not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security or for maintaining, supervising or reviewing any records relating to beneficial ownership interests.

We expect that the depository, upon receipt of any payment of principal of, premium or interest on a global debt security, will immediately credit participants' accounts with payments in amounts proportionate to the respective amounts of book-entry debt securities held by each participant as shown on the records of such depository. We also expect that payments by participants to owners of beneficial interests in book-entry debt securities held through those participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of those participants.

We will issue certificated debt securities in exchange for each global debt security if the depository is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days. In addition, we may at any time and in our sole discretion determine not to have the book-entry debt securities of any series represented by one or more global debt securities and, in that event, will issue certificated debt securities in exchange for the global debt securities of that series. Global debt securities will also be exchangeable by the holders for certificated debt securities if an event of default with respect to the book-entry debt securities represented by those global debt securities has occurred and is continuing. Any certificated debt securities issued in exchange for a global debt security will be registered in such name or names as the depository shall instruct the trustee. We expect that such instructions will be based upon directions received by the depository from participants with respect to ownership of book-entry debt securities relating to such global debt security.

We have obtained the foregoing information concerning the depository and the depository's book-entry system from sources we believe to be reliable, but we take no responsibility for the accuracy of this information.

## **No Protection in the Event of a Change of Control**

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection, such as acceleration, in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control), which could adversely affect holders of debt securities.

## **Covenants**

We will set forth in the applicable prospectus supplement any restrictive covenants applicable to any issue of debt securities.

## **Consolidation, Merger and Sale of Assets**

We may not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to, any person, which we refer to as a successor person, unless:

- we are the surviving corporation or the successor person (if other than United) is a corporation organized and validly existing under the laws of any U.S. domestic jurisdiction and expressly assumes our obligations on the debt securities and under the indenture;
- immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time, or both, would become an event of default, shall have occurred and be continuing under the indenture; and
- certain other conditions are met.

## **Events of Default**

Event of default means, with respect to any series of debt securities, any of the following:

- default in the payment of any interest upon any debt security of that series when it becomes due and payable, and continuance of that default for a period of 30 days (unless the entire amount of the payment is deposited by us with the trustee or with a paying agent prior to the expiration of the 30-day period);
- default in the payment of principal of or premium on any debt security of that series when due and payable;
- default in the deposit of any sinking fund payment, when and as due in respect of any debt security of that series;
- default in the performance or breach of any other covenant or warranty by us in the indenture (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or we and the trustee receive written notice from the holders of not less than a majority in principal amount of the outstanding debt securities of that series as provided in the indenture;
- certain events of bankruptcy, insolvency or reorganization of our company; and
- any other event of default provided with respect to debt securities of that series that is described in the applicable prospectus supplement accompanying this prospectus.

No event of default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an event of default with respect to any other series of debt securities. The occurrence of an event of default may constitute an event of default under our bank credit agreements in existence from time to time. In addition, the occurrence of certain events of default or an acceleration under the indenture may constitute an event of default under certain of our other indebtedness outstanding from time to time.

If an event of default with respect to debt securities of any series at the time outstanding occurs and is continuing, then the trustee or the holders of not less than a majority in principal amount of the outstanding debt securities of that series may, by a notice in writing to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) of and accrued and unpaid interest, if any, on all debt securities of that series. In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) of and accrued and unpaid interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. Any payment by us on the subordinated debt securities following any such acceleration will be subject to the subordination provisions described below under "Subordinated Debt Securities". At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if all events of default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture. We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an event of default.

The indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of outstanding debt securities, unless the trustee receives indemnity satisfactory to it against any loss, liability or expense. Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless:

- that holder has previously given to the trustee written notice of a continuing event of default with respect to debt securities of that series; and
- the holders of at least a majority in principal amount of the outstanding debt securities of that series have made written request, and offered reasonable indemnity, to the trustee to institute the proceeding as trustee, and the trustee has not received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding the foregoing, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, premium and any interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee a statement as to compliance with the indenture. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default or event of default (except in payment on any debt securities of that series) with respect to debt securities of that series if it in good faith determines that withholding notice is in the interest of the holders of those debt securities.

### **Modification and Waiver**

We may modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments. We may not make any modification or amendment without the consent of the holders of each affected debt security then outstanding if that amendment will:

- reduce the amount of debt securities whose holders must consent to an amendment or waiver;
- reduce the rate of or extend the time for payment of interest (including default interest) on any debt security;
- reduce the principal of or premium on or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;
- reduce the principal amount of discount securities payable upon acceleration of maturity;

- waive a default in the payment of the principal of, premium or interest on any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);
- make the principal of or premium or interest on any debt security payable in currency other than that stated in the debt security;
- adversely affect the right to convert any debt security;
- make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of, premium and interest on those debt securities and to institute suit for the enforcement of any such payment and to waivers or amendments; or
- waive a redemption payment with respect to any debt security.

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of such series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal of, premium or any interest on any debt security of that series or in respect of a covenant or provision, which cannot be modified or amended without the consent of the holder of each outstanding debt security of the series affected; *provided, however*, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

### **Defeasance of Debt Securities and Certain Covenants in Certain Circumstances**

#### *Legal Defeasance.*

The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, we may be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost or mutilated debt securities of such series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). We will be so discharged upon the deposit with the trustee, in trust, of money or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of our independent public accountants to pay and discharge each installment of principal, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities.

This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

#### *Defeasance of Certain Covenants.*

The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with certain conditions:

- we may omit to comply with the covenant described under the heading “Consolidation, Merger and Sale of Assets” and certain other covenants set forth in the indenture, as well as any additional covenants that may be set forth in the applicable prospectus supplement; and
- any omission to comply with those covenants will not constitute a default or an event of default with respect to the debt securities of that series, or covenant defeasance.

The conditions include:

- depositing with the trustee money or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of our independent public accountants to pay and discharge each installment of principal of, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities; and
- delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

#### *Covenant Defeasance and Events of Default.*

In the event we exercise our option to effect covenant defeasance with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any event of default, the amount of money or U.S. government obligations or foreign government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. We will remain liable for those payments.

#### **The Trustee**

The indentures limit the right of the trustee, should it become a creditor of us, to obtain payment of claims or secure its claims.

The trustee is permitted to engage in certain other transactions. However, if the trustee acquires any conflicting interest, and there is a default under the debt securities of any series for which they are trustee, the trustee must eliminate the conflict or resign.

#### **Subordinated Debt Securities**

Payment on the subordinated debt securities will, to the extent provided in the indenture, be subordinated in right of payment to the prior payment in full of all of our senior indebtedness. The subordinated debt securities also are effectively subordinated to all debt and other liabilities, including trade payables and lease obligations, if any, of our subsidiaries.

Upon any distribution of our assets upon any dissolution, winding up, liquidation or reorganization, the payment of the principal of and interest on the subordinated debt securities will be subordinated in right of payment to the prior payment in full in cash or other payment satisfactory to the holders of senior indebtedness of all senior indebtedness. In the event of any acceleration of the subordinated debt securities because of an event of default, the holders of any senior indebtedness would be entitled to payment in full in cash or other payment satisfactory to such holders of all senior indebtedness obligations before the holders of the subordinated debt securities are entitled to receive any payment or distribution. The indenture requires us or the trustee to promptly notify holders of designated senior indebtedness if payment of the subordinated debt securities is accelerated because of an event of default.

We may not make any payment on the subordinated debt securities, including upon redemption at the option of the holder of any subordinated debt securities or at our option, if:

- a default in the payment of the principal, premium, if any, interest, rent or other obligations in respect of designated senior indebtedness occurs and is continuing beyond any applicable period of grace (called a “payment default”); or
- a default other than a payment default on any designated senior indebtedness occurs and is continuing that permits holders of designated senior indebtedness to accelerate its maturity, and the trustee receives a notice of such default (called a “payment blockage notice”) from us or any other person permitted to give such notice under the indenture (called a “non-payment default”).

We may resume payments and distributions on the subordinated debt securities:

- in the case of a payment default, upon the date on which such default is cured or waived or ceases to exist; and
- in the case of a non-payment default, the earlier of the date on which such nonpayment default is cured or waived or ceases to exist and 179 days after the date on which the payment blockage notice is received by the trustee, if the maturity of the designated senior indebtedness has not been accelerated.

No new period of payment blockage may be commenced pursuant to a payment blockage notice unless 365 days have elapsed since the initial effectiveness of the immediately prior payment blockage notice and all scheduled payments of principal, premium and interest, including any liquidated damages, on the notes that have come due have been paid in full in cash. No non-payment default that existed or was continuing on the date of delivery of any payment blockage notice shall be the basis for any later payment blockage notice unless the non-payment default is based upon facts or events arising after the date of delivery of such payment blockage notice.

If the trustee or any holder of the notes receives any payment or distribution of our assets in contravention of the subordination provisions on the subordinated debt securities before all senior indebtedness is paid in full in cash, property or securities, including by way of set-off, or other payment satisfactory to holders of senior indebtedness, then such payment or distribution will be held in trust for the benefit of holders of senior indebtedness or their representatives to the extent necessary to make payment in full in cash or payment satisfactory to the holders of senior indebtedness of all unpaid senior indebtedness.

In the event of our bankruptcy, dissolution or reorganization, holders of senior indebtedness may receive more, ratably, and holders of the subordinated debt securities may receive less, ratably, than our other creditors (including our trade creditors). This subordination will not prevent the occurrence of any event of default under the indenture.

We are not prohibited from incurring debt, including senior indebtedness, under the indenture. We may from time to time incur additional debt, including senior indebtedness.

We are obligated to pay reasonable compensation to the trustee and to indemnify the trustee against certain losses, liabilities or expenses incurred by the trustee in connection with its duties relating to the subordinated debt securities. The trustee's claims for these payments will generally be senior to those of noteholders in respect of all funds collected or held by the trustee.

#### **Certain Definitions**

"indebtedness" means:

- (1) all indebtedness, obligations and other liabilities for borrowed money, including overdrafts, foreign exchange contracts, currency exchange agreements, interest rate protection agreements, and any loans or advances from banks, or evidenced by bonds, debentures, notes or similar instruments, other than any account payable or other accrued current liability or obligation incurred in the ordinary course of business in connection with the obtaining of materials or services;
- (2) all reimbursement obligations and other liabilities with respect to letters of credit, bank guarantees or bankers' acceptances;
- (3) all obligations and liabilities in respect of leases required in conformity with generally accepted accounting principles to be accounted for as capitalized lease obligations on our balance sheet;
- (4) all obligations and other liabilities under any lease or related document in connection with the lease of real property which provides that we are contractually obligated to purchase or cause a third party to purchase the leased property and thereby guarantee a minimum residual value of the leased property to the lessor and our obligations under the lease or related document to purchase or to cause a third party to purchase the leased property;
- (5) all obligations with respect to an interest rate or other swap, cap or collar agreement or other similar instrument or agreement or foreign currency hedge, exchange, purchase agreement or other similar instrument or agreement;
- (6) all direct or indirect guaranties or similar agreements in respect of, and our obligations or liabilities to purchase, acquire or otherwise assure a creditor against loss in respect of, indebtedness, obligations or liabilities of others of the type described in (1) through (5) above;

(7) any indebtedness or other obligations described in (1) through (6) above secured by any mortgage, pledge, lien or other encumbrance existing on property which is owned or held by us; and

(8) any and all refinancings, replacements, deferrals, renewals, extensions and refundings of, or amendments, modifications or supplements to, any indebtedness, obligation or liability of the kind described in clauses (1) through (7) above.

“senior indebtedness” means the principal, premium, if any, interest, including any interest accruing after bankruptcy, and rent or termination payment on or other amounts due on our current or future indebtedness, whether created, incurred, assumed, guaranteed or in effect guaranteed by us, including any deferrals, renewals, extensions, refundings, amendments, modifications or supplements to the above. However, senior indebtedness does not include:

- indebtedness that expressly provides that it shall not be senior in right of payment to subordinated debt securities or expressly provides that it is on the same basis or junior to subordinated debt securities; and
- our indebtedness to any of our majority-owned subsidiaries.

## **Governing Law**

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

## **Description of Warrants**

This section describes the general terms and provisions of the warrants. The applicable prospectus supplement will describe the specific terms of the warrants offered under that applicable prospectus supplement and any contrary general terms outlined in this section that will not apply to those warrants.

We may issue warrants independently or together with debt or equity securities. The warrants will be issued under warrant agreements between us and a bank or trust company, as warrant agent, all as stated in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The applicable prospectus supplement will describe the terms of the warrants offered in this prospectus, including the following, if applicable:

- the offering price;
- the title of the warrants;
- the designation and terms of any related debt securities with which the warrants are to be issued and the number of the warrants offered with each debt security;
- the date, if any, on and after which the holder of the warrants can transfer them separately from the related debt securities;
- the date on which the right to exercise the warrants will commence and the date on which this right will expire; and
- whether the warrant certificates representing the warrants will be issued in registered or bearer form, and if registered, where they are transferred and registered.

A holder can exchange warrant certificates for new warrant certificates of different authorized denominations, and can exercise his or her warrants at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement.

Each warrant entitles the holder of that warrant to purchase the principal amount of securities at the price stated, or determinable in the applicable prospectus supplement. A holder can exercise warrants during the period stated in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

A holder can exercise warrants as stated in the applicable prospectus supplement relating to the warrants. We will, as soon as practicable, forward to you the securities purchased upon exercise. If less than all of the warrants represented by the warrant certificates are exercised, a new warrant certificate will be issued for the remaining warrants.
