

## United Community Banks, Inc. Reports Net Operating Income of \$23.8 Million for Fourth Quarter 2015, up 30 Percent From a Year Ago

- Operating earnings per diluted share of 33 cents, up 10 percent from a year ago
- Operating return on assets of .99 percent
- Operating return on tangible common equity of 10.9 percent
- Loans up \$162 million from third quarter, or 11 percent annualized, excluding sale of healthcare loans
- Loan growth for year of \$444 million, or 10 percent, excluding mergers and healthcare loan sale
- Core transaction deposits up \$524 million for 2015, or 14 percent, excluding deposits acquired in mergers

BLAIRSVILLE, Ga., Jan. 20, 2016 (GLOBE NEWSWIRE) -- United Community Banks, Inc. (NASDAQ:UCBI) ("United") today continued its strong momentum as it moves forward as a regional community bank in the Southeast, reflecting strong loan, core deposit and fee revenue growth, and a lower provision for credit losses. For the fourth quarter of 2015, net operating income of \$23.8 million increased 30 percent from a year ago and operating earnings per diluted share of 33 cents was up 10 percent from a year ago.

Operating earnings and operating earnings per diluted share for the fourth quarter of 2015 exclude the effects of mergerrelated and other charges for impairment on properties acquired for future expansion. Including those charges, net income was \$18.2 million for the fourth quarter, or 25 cents per diluted share. Also, operating earnings this quarter include three months of earnings from the acquisition of The Palmetto Bank ("Palmetto"), as compared to one month for the third quarter of 2015.

For the full year of 2015, United achieved net income of \$71.6 million, or \$1.09 per diluted share. Excluding merger-related and other charges, net operating income was \$83.2 million, or \$1.27 per diluted share.

At December 31, 2015, preliminary regulatory capital ratios were as follows: Tier 1 Risk-Based of 11.5 percent; Total Risk-Based of 12.5 percent; Common Equity Tier 1 Risk-Based of 11.5 percent; and, Tier 1 Leverage of 8.3 percent.

"United continues to enhance its long term value potential. This past year of 2015 demonstrated the strengths of our footprint and the momentum that characterizes our organization as we enter into 2016," said Jimmy Tallent, chairman and chief executive officer. "In 2015, we struck the proper balance of investing for our future and delivering strong financial results. The fourth quarter was a continuation of that solid performance.

"Total loan production continued strong in the fourth quarter, though not readily apparent in our year-end loan balances due to the sale of our \$190 million of healthcare loans," Tallent continued. "Year-to-date loan growth, excluding loans acquired in mergers and our sale of healthcare loans, was \$444 million, or 10 percent, slightly above our 2015 target of mid-to-upper-single-digit loan growth. Our loan growth was funded with solid core transaction deposit growth of \$524 million, or 14 percent, excluding mergers.

"Fourth quarter net loan growth of \$162 million, excluding the healthcare loan sale, was driven by loan production of \$590 million across all of our markets," added Tallent. "Our community banks originated \$360 million in loan production, while our specialized lending area, which includes asset-based, commercial real estate, middle market, SBA and builder finance lending, produced \$157 million."

Fourth quarter taxable-equivalent net interest revenue totaled \$74.0 million, up \$8.33 million from the third quarter of 2015 and up \$15.7 million from the fourth quarter of 2014. The increase in net interest revenue reflects strong loan and core deposit growth, net interest revenue from the Palmetto and First National Bank acquisitions, and an increase in net interest margin.

"The taxable-equivalent net interest margin of 3.34 percent is an increase of eight basis points from the third quarter and up three basis points from a year ago," said Tallent. "The increase from third quarter reflects higher yields on our loan and securities portfolios as well as a two basis point decrease in the average rate on our interest-bearing liabilities.

"This quarter, our loan yield, net interest margin and net interest revenue benefited from the discount accretion from the acquired loan portfolios. The sale of our lower-yielding healthcare loans also contributed to the higher loan yield and net

interest margin," commented Tallent. "Additionally, the securities yield benefited from the mix of floating rate securities, slower prepayments and restructuring of a corporate bond, while interest-bearing liabilities benefited from Palmetto's highly desirable deposit base that provided a very low cost source of funds."

The fourth quarter provision for credit losses was \$300 thousand, down \$400 thousand from the third quarter and down \$1.50 million from the fourth quarter of 2014. Fourth quarter net charge-offs were \$1.30 million compared with \$1.42 million in the third quarter and \$2.51 million a year ago. Strong recoveries of previously charged-off loans drove net charge-offs down in the third and fourth quarters of 2015 compared with fourth quarter 2014. Nonperforming assets were .29 percent of total assets at year-end, compared with .29 percent in the third quarter and .26 percent a year ago.

Fourth quarter fee revenue totaled \$21.3 million, up \$2.99 million from the third quarter and \$6.46 million from the fourth quarter of 2014. The increase from the third quarter was primarily due to the full quarter impact of the Palmetto acquisition. Total service charges and fees were \$11.5 million, up \$2.17 million from the third quarter and up \$3.05 million from a year ago. Mortgage fees of \$3.29 million were down \$550 thousand from the third quarter and up \$1.18 million from a year ago. The decrease from the third quarter reflects seasonality and lower refinancing activity. Closed mortgage loans totaled \$138 million in the fourth quarter of 2015, compared with \$141 million in the third quarter and \$77.4 million in the fourth quarter of 2014. During the fourth quarter, sales of \$25.1 million in SBA loans resulted in net gains of \$2.00 million. This compares with \$17.8 million in loans sold and net gains of \$1.65 million in the third quarter of 2015, and \$15.8 million in loans sold and net gains of \$926 thousand in the fourth quarter of 2014.

"We are committed to growing our revenue stream by focusing on fee-generating products and services," stated Tallent. "The growing SBA lending business and commitment to expanding our mortgage origination business are key parts of this strategy."

Operating expenses, excluding merger-related and other charges of \$9.08 million, were \$56.4 million in the fourth quarter. This compares with \$48.5 million in the third quarter of 2015 and \$41.9 million in the fourth quarter of 2014. The increase from the third quarter reflects approximately \$5.6 million of operating expenses related to the full-quarter impact of the Palmetto acquisition. Palmetto's operating expenses are expected to decline following systems conversions late in the first quarter in 2016, as anticipated cost savings are realized.

"The increase in operating expenses from third quarter also reflects higher professional fees and consulting services for several, mostly one-time, regulatory-related compliance projects throughout the company," stated Tallent. "With the heightened sensitivity to compliance, we made a decision to accelerate these projects into the current year."

Fourth quarter salaries and employee benefits expense totaled \$32.9 million, up \$3.60 million from the third quarter and \$6.35 million from a year ago. The linked-quarter increase was primarily due to the full-quarter impact of Palmetto's costs, our new Charleston loan production office, and higher incentive costs associated with the growth in earnings and lending businesses. The increase from a year ago reflects the impact of mergers, investment in new lenders and support staff for the specialized lending area, as well as higher commissions and incentives associated with the overall improvement in earnings and growth in the SBA and mortgage lending businesses, commercial loans and core deposits.

Occupancy expense of \$4.67 million and communications and equipment expense of \$4.74 million for the fourth quarter were up \$653 thousand and \$772 thousand, respectively, with the full-quarter of Palmetto's expenses accounting for most of the increase in both expense categories.

Other operating expenses for the fourth quarter totaled \$7.01 million, up \$1.46 million from the third quarter and up \$3.08 million from the fourth quarter of 2014. The linked-quarter increase is mostly due to the inclusion of Palmetto's operating expenses for the full-quarter versus one month in the third quarter. The increase from last year is due to the acquisitions and higher transaction processing costs for interchange and internet banking services.

"Palmetto merged into United on September 1 and our team of bankers has been working diligently to bring these two great companies together," noted Tallent. "System conversions are targeted for late February 2016 and, upon their completion, Palmetto branches will begin doing business under the United Community Bank brand."

Fourth quarter expenses included an after-tax merger charge of \$1.94 million primarily related to severance and retention bonuses, system conversion costs, and advisory and professional services fees for the Palmetto acquisition. United also incurred an after-tax non-operating impairment charge in the fourth quarter of \$3.65 million to write-down properties acquired in prior years for future branch expansion.

"As part of our growth strategy, we are evaluating all of our delivery channels, including future branch sites," said Tallent. "Some of these properties will be retained for future branch sites, others will be sold. These decisions will be made over the next two years as we continue to execute on our growth strategies. However, because we've held these properties for a long time, we evaluated them for impairment and wrote-down the properties accordingly."

"Our fourth quarter results mark the completion of another strong year," Tallent said. "We will remember 2015 as the year we successfully re-entered the mergers and acquisitions business. I could not be more pleased with the partners we have chosen and our exceptional team of bankers who worked tirelessly to bring it all about. I'm excited about the momentum and foundation we are building at United and the opportunities for growth and success they will bring."

#### Conference Call

United will hold a conference call today, Wednesday, January 20, 2016, at 11 a.m. ET to discuss the contents of this news release and to share business highlights for the quarter. To access the call, dial (877) 380-5665 and use the conference number 19833202. The conference call also will be webcast and available for replay for 30 days by selecting "Events & Presentations" within the Investor Relations section of United's website at <a href="www.ucbi.com">www.ucbi.com</a>.

#### About United Community Banks, Inc.

United Community Banks, Inc. (UCBI) is a bank holding company based in Blairsville, Georgia, with \$9.6 billion in assets. The company's banking subsidiary, United Community Bank, is one of the Southeast's largest full-service banks, operating 134 offices in Georgia, North Carolina, South Carolina and Tennessee. The bank specializes in personalized community banking services for individuals, small businesses and corporations. United Community Bank offers a full range of consumer and commercial banking services including mortgage, advisory, treasury management and other products. In 2014 and 2015, United Community Bank was ranked first in customer satisfaction in the southeast by J.D. Power and again in 2016 was ranked among the top 100 on the Forbes list of America's Best Banks. Additional information about the company and the bank's full range of products and services can be found at <a href="https://www.ucbi.com">www.ucbi.com</a>.

(1) Interest revenue on tax-exempt securities and loans has been increased to reflect comparable interest on taxable securities and loans. The rate

- used was 39%, reflecting the statutory federal income tax rate and the federal tax adjusted state income tax rate.
- (2) Included in the average balance of loans outstanding are loans where the accrual of interest has been discontinued and loans that are held for sale.
- (3) Securities available for sale are shown at amortized cost. Pretax unrealized gains of \$7.45 million in 2015 and pretax unrealized gains of \$8.59
- million in 2014 are included in other assets for purposes of this presentation.
- (4) Net interest margin is taxable equivalent net-interest revenue divided by average interest-earning assets.
